ANNUAL PUBLICATION PRESENTED BY  
THE SENIOR CLASS OF  
RED BANK HIGH SCHOOL  
CHATTANOOGA. TENNESSEE

# Foreword

We, the staff of the 1945 "Roar," have attempted to set down in this book a permanent record of the classes and organizations at our school, and the different events that have taken place during this year—a record that will be treasured we hope by each person because of the pleasant memories it records.

As our theme, we have chosen "Living Pictures." These living pictures represent famous paintings posed by seniors.

The staff sincerely hopes that each owner will enjoy this book as much as we have enjoyed compiling it.

# Dedication

Each year, the high school annual is dedicated to some idea which has proved its worth and its ability to guide, to direct, and to help the student body, or to an outstanding teacher.

This year, the staff of the "Roar" has selected a person who qualifies in every respect with all the characteristics befitting a person to whom an annual is dedicated. These characteristics show in everything this person does toward promoting a better school life.

This year, the staff, therefore, proudly dedicates the 1945 "Roar" to the head of the English Department, Miss Dorothy C. French.

## *Our* ALMA MATER

Oh, Red Bank High, to thee we sing;  
To thee our hearts acclaim.  
Our love for thee, our loyalty  
Shall be our constant aim.  
Thy lofty aims directed us  
To do our very best  
At every milestone in the road to follow thy behest.

Oh, Red Bank High!  
Dear Red Bank High!  
Our love for thee can never die!  
Dear Red Bank! Red Bank High!

Our stalwart boys, our lovely girls,  
We view with growing pride!  
Their deeds of valor, thoughts of love  
Are marked on every side.  
And in the days that come and go,  
May friendship show us why  
That we should love and honor thee,  
Dear Red Bank, Red Bank High.

# *Senior* CLASS HISTORY

To All of the Boys of the Class of '45

Now in the Armed Services of Our Country:

Dear Boys:

Just as our thoughts so often turn to you who are now widely scattered over the globe, we feel that your thoughts must often turn to your Alma Mater and to your own class of '45.

So, as we turn through the pages of our treasure chest of memories we find your names and faces constantly appearing in the cherished scenes of the past five years.

Do you remember, as we struggled through the seventh and eighth grades, how we envied the "upper-classmen"? Of course we couldn't help noticing them, since we were right there with the high school students. At long last, however, and after adding to our group new faces from White Oak, Pineville, and Mountain Creek schools, we entered the ninth grade, our first year of high school, 115 strong.

That was in 1941. Probably the most important thing to us was the fact that Mr. Stewart, our new principal, brought our school up to a state accredited institution that year. We were the first freshman class to enter Red Bank High School under an accredited rating. Red Bank had its second football team in the '41-'42 term. Three of our class made the team. Bobby Jumper was president of our class.

In the fall of 1942 we really entered school with the idea of growing up. No longer green freshmen, we took the dignified name of sophomores. Starting the year with Jimmy Jumper as president of our class and with Miss Thompson and Mr. McCoy as class sponsors, we sophomores began to take an active part in school affairs. Members of our class, you remember, became cheerleaders, majorettes, and joined the band and drill squad. We had seats on the Student Council and we were members of the Service Club and the Letterman's Club. We were proud that a sophomore girl, Joyce Ray, took the lead in the Varsity Glee Club operetta. We were really going up in the world! This same year Red Bank, still under the guidance of Mr. Stewart, became a member of the Southern Association of Accredited Secondary Schools and Colleges.

When we, the class of '45, became Juniors in the fall of 1943, some of you boys were already serving on foreign soil; others of you were to leave during the year. Those of you who were with us at this time saw the election of Helen Wolfe, first girl of our class president. Bobby Jumper, now in the Navy, made all-city, all-state, and all-southern with his football prowess. Several of our class were chosen for membership in the National Honor Society. Red Bank broke into the circle of the ten-best football teams in her class in the state, a fitting climax to the work of Coach McCoy, who was soon to leave for the Navy.

# Senior CLASS PROPHECY

Allow me to take you for a few minutes with me to the corner of a newspaper office where I am employed as a reporter. Before me lies a teletype sheet which is dated November 20, 1955. My job is to condense the news.

Hmm . . . this should make headlines!

President of the United States, Jimmy Jumper, and his wife, Hilda Hale, first lady of the land, have just returned from Germany, where the President engaged in a conference with Carl Brandt, head of the Army of Occupation. One of the problems discussed was the opening of a new commercial air route to Europe. Harold Duncan, president of Duncan Airlines, Inc., was quoted today as being hopeful that his contract would be accepted. Marjorie Lloyd, secretary to Duncan, disclosed that Carroll Thomas, head of the civil engineering department, had completed plans and specifications for the proposed route.

News from Broadway!

Bobby Crutcher, director of theatrical activities in Radio City has announced the schedule for next week:

Monday night will feature the Metropolitan Opera star, Joyce Ray, accompanied by the American Queen of the Keyboard, Martha Johnson, and a ballet dance by Barbara Sheats, who has just completed a successful tour in the South.

Tuesday night calls for a little gaiety. That boogie-woogie specialist, Harriet Cade, is featured with the "Four Rocketts," Jolene Grant, Mina Moore, Betty Comer, and Bobbie Ray Coffelt, who have completed a two-week engagement at the Palace Theatre in New York.

Wednesday night is left open since the management fears that practically everyone will be at the municipal auditorium attending addresses by Evelyn Worthington and Evelyn Wells, missionaries who have just returned from African fields.

Thursday, Friday, and Saturday finds Hollywood star, Virginia Jo Garren, co-starred with Albert Archer and a girl supporting cast of Dorothy Defur, Louise Gadd, and Margaret Brady in the stage production of the hit picture, "Live or Love." On the same program, Madge Ramsey, model for ESQUIRE MAGAZINE, will make an appeal to the audience for cooperation in holding matured government bonds until the situation in Washington is alleviated.

What's this?

Nancy Bennett, New York socialite, was seen in Saks' Fifth Avenue yesterday buying a wedding dress . . . her fifth! She's trying to compete with the Wyf of Bath.

Here's news from the literature field!

Norma Morris, eminent poet, held conference yesterday with Betty Keebler, author of the leading novel of the day, DO OR DIE TRYING.

# *Senior* CLASS WILL

We, the Class of 1945 of Red Bank High School, County of Hamilton, State of Tennessee, while being in our right mind and in full possession of our faculties, do hereby make and declare this, our last will and testament, in form and manner following:

- I. To our beloved parents and faculty, we give our love and grateful acknowledgment of their efforts to encourage us in each of our undertakings.
- II. To the class of 1946 we bequeath the knowledge we have failed to absorb.
- III. To Vivian Chadwick we will Billie Jo Addington's ability to trot up and down the halls.
- IV. Charles Otis Atchley's knack for tossing the ol' pigskin we bequeath to Bro. Burr Beavers.
- V. The luscious brown eyes of Nancy Jo Bennett we leave to Lois Dobbs.
- VI. The quiet disposition of Margaret Brady and Zelma Bridges we entrust to Johnnie Selcer and Betty Jane Fite.
- VII. Carl Brandt's ability to make A's in Chemistry we thrust upon Eddie Krider.
- VIII. The love of Durwood Buckner for Mr. Gass we will to Charles Krauth.
- IX. Richard Burks' tardy permit we will, devise, and bequeath to Ralph Gannaway.
- X. To Comnena Shearer we bequeath Harriet Cade's flirtatious ways.
- XI. Bobbie Ray Coffelt's majorette uniform we leave to Charlotte Groover.
- XII. To Charles Whisenant we entrust John Catlett's and Bill Nelson's modest dispositions.
- XIII. Betty Chandler's love for service men we will to Helen Jackson.
- XIV. We bequeath Betty Comer's dancing ability to Betty Jane Sutton.
- XV. To anyone who thinks he can do it is well as James Hillyer Cooley, we entrust his position as Drum Major.
- XVI. Bob Crutcher's freshman lassies we leave to Gene Crane.
- XVII. The blonde hair of Dorothy DeFur we leave to Martha Bell.
- XVIII. To Bill Holt we bequeath Harris Downey's long, tall physique.
- XIX. Harold Duncan's love for City High girls we pass along to Irvin Shipley.

## AMERICANS

Many do not understand us—they say we're extravagant and weak  
It's because they do not have the freedom we no longer seek.  
We do not worship idols or other ancient pagan shrines,  
We have a greater God above us, our guiding light that always shines.  
No ambition is set too high in this land of the free,  
All things are possible through our liberty.  
We are not absurd, as certain men have stated;  
Clear-thinking alleviates disaster, and that's why we are hated.  
Then the task this class has to perform is great if we are to help defend  
The precious heritage that our ancestors fought for to the end.  
—VIRGINIA JO GARREN, Class Poet.

## FAREWELL TO THE UNDERCLASSMEN

It is a joyous thing to know that we  
Have had the precious opportunity  
To reach at last this final stepping stone  
From which we start upon a path unknown.

Although our hearts beat fast today with pride  
And courage for our duties yet untried;  
Although with eagerness we long to start  
And in the fight for freedom do our part;

It is the hardest thing we ever knew  
To have to say goodbye to all of you  
Who through twelve years of childhood's happy days  
Have grown so close in many, many ways.

We think of times in grammar school when we  
Would wade the creek and climb the highest tree;  
When all we wanted in the world was fun,  
And never thought of school work left undone.

We think of those who in more recent years  
Have shared with us our happiness and tears,  
Our friends who never once have failed to hold  
In confidence the secrets we have told.

But, though we treasure all the little things  
That long association always brings,  
It is to our grand teachers we would say,  
"To you we owe the glory of this day."

You who have tried to teach us how to live,  
How we must always share and freely give;  
You wanted us in ourselves to believe  
And told us of great things we could achieve.

And if today we dream of great success  
And will be satisfied with nothing less;  
If we aspire to reach the highest ranks,  
To good old Red Bank High School goes our thanks.

## *Our* ORGANIZATIONS

The organizations at Red Bank for the year 1944-45 have been very successful. Because of the excellent leadership of sponsors and officers, the clubs have done different types of work and rendered many services.

Some of the most outstanding club activities were the planting of iris and ivy on the campus by the National Honor Society; the collection of food for the hospitals by the Red Cross Club; the selling of war stamps by the Latin Club; the work done by the Stage Crew for various programs; the Varsity Glee Club's excellent performances; and the many services given by members of the Service Club.

We believe that next year will show a still greater improvement and enlargement of the organizations at Red Bank High.

## ★ ★ *The* COACHES

Coach Carlos Springfield, our popular basketball and baseball coach, graduated from Milligan College at Johnson City, Tennessee, and received his B.S. degree there. He played football, basketball, and baseball at Milligan; and he also played three years of professional baseball with Selma and Montgomery. He coached at Lamar High School at Jonesboro, Tennessee, for nine years before coming to Red Bank, where he turned out some good baseball and basketball teams. Since Coach McCoy has gone to the Navy, Mr. Springfield has had the arduous task of coaching both basketball and baseball by himself, aside from his regular duties as a teacher. The rise of athletics at Red Bank is due partly to the work of Mr. Springfield, who is always an inspiration to his boys.

Coach Marion Perkins, head coach since the induction of George McCoy into the Navy, deserves plenty of laurels for bringing the football team through a successful season. Coach Perkins is well qualified for the job of coaching as he coached five years at Tyner before coming to Red Bank. As a boxer, Coach Perkins made quite a record. He fought 200 times, winning 196 bouts and gaining a draw on the other four. He was the Southern A. A. U. Lightweight Champion in 1930. Coach Perkins is a graduate of the University of Tennessee, where he received his B.H. degree. While at Tennessee he was on the track, basketball, and football teams, and played semi-pro baseball during the summer. He was recognized as one of the best defensive backs in the Southeastern Conference in 1936 and 1937. He also made the second Southeastern Conference Team those two years.

Miss Rita Thompson is the coach of the girls' basketball. She attended the University of Chattanooga, where she received her B.A. degree. She was a member of the girls' varsity basketball team for four years and also played tennis. After graduating from the University of Chattanooga, Miss Thompson did special work in physical education. She teaches the girls' physical education classes besides taking care of her coaching duties. Miss Thompson is one of the most prominent women in the field of sports in Chattanooga. She plays golf, tennis, badminton, and bowls. She has played on numerous industrial teams, and she has several state trophies to testify to her prowess as a tennis player. The first girls' basketball was organized by Miss Thompson and under her guidance the team has developed into one of the best.

# FOOT

Last August 7, a group of about thirty-five enthusiastic boys reported for their first day of football practice. Among this group there were a few returning lettermen, but, for the most part, they were green and inexperienced. Under the expert guidance of Coach Marion Perkins they soon developed into a well-conditioned, smoothly-working unit. At the end of a successful season the team had a total of six victories against four defeats. Red Bank was the winner of the T. V. C. Conference for the second straight year, and acquired another trophy for the trophy case. In this conference the team scored a total of eighty-eight points against zero for their opponents. They also did well in the City Prep League with seven victories and three defeats. The success of the season is due to both the high spirit of the team and the coaching ability of Coach Perkins.

# BOXING

The Red Bank Boxing Team has completed its second successful year of boxing. After a month of hard practice, seventeen boys entered the annual tournament at the Frye Institute. In this tournament "Burr" Beavers, Pete Potter, and Gordon Atchley won the Championship of their respective classes; and Carl De Shazo, Bill Hetzel, and Bill Sivley were runners-up in their weights.

Only seven boys from Red Bank entered the Golden Gloves, but they managed to win second place honors in the open class. "Burr" Beavers and Pete Potter again won championships, with Clement Huff also winning in his class. Gordon Atchley and Gene Frizzell were runners-up in their respective classes. Gene Frizzell was winner of the Abe Shyer Sportsmanship Medal.

Warriors fall in line,  
We're gonna win that game  
Another time.  
We're gonna yell and yell  
And yell and yell  
For the dear old school  
We love so very well.  
We're gonna fight, fight,  
Fight, for every yard,  
Circle Ends and hit that

# VOCAL

One of the oldest departments at Red Bank—and one in which we are all vitally interested—is the vocal music department. Red Bank's first music department was organized when the old high school building still stood on the present grammar school campus. When that building was destroyed by fire, the music department, like so many more, had to be temporarily discontinued. With the new high school came the reorganization of the music department under the able leadership of Mrs. John C. Brown. Under her direction the department gave several concerts and operettas, and in 1941 presented Gilbert and Sullivan's light opera, "The Mikado." Mrs. William J. Rankin, Red Bank's next director of vocal music, directed and presented the operetta, "Jerry of Jericho Road," in 1943. Miss Margaret Robertson, the present head of the vocal music department, followed Mrs. Rankin, and under her supervision and direction, the department has presented a number of excellent programs including sacred and secular concerts, radio programs, and active participation on commencement programs. This year is the first time in the history of Red Bank's music department that the vocal department has combined with the band to present a concert, and it went over wonderfully.

Red Bank has had and will continue to have a music department of which not only the student body, but the entire Red Bank community, may be justly proud.

# LANGUAGE ARTS

The Language Department, headed by Miss Hunter, is not as large as some of the other departments are, but any student who has crossed the threshold and entered the realm of either Latin or Spanish can—and will—tell the inquirer that it is nothing short of intriguing.

Latin is the basic language from which English and the other romance languages were derived; thus, a knowledge of Latin is very helpful in any English course.

The recent spotlight which was placed on Pan-American relations has placed Spanish in a prominent position, and there is no doubt but what that prominence will continue to grow after the war.

These are only a few of the innumerable reasons why languages should be a part of the curriculum of every high school, and a part of the course of study for any student who is looking into the future beyond today.

# H O M E   E C O

The Home Economics Department at Red Bank is headed by Miss Bertha Hundley and Miss Lorraine Wilson.

There are two divisions to the department. One is devoted to food's work, and during the year the students learn about the preparation and preservation of food. They also entertain at buffet luncheons, teas, and various kinds of parties.

The other division of the Home Economics Department is devoted to sewing.

The work of this division includes fabric study, the making of various garments, and the presentation of a style show at the end of the year.

# COMMERCIAL ARTS

The Commercial Department of Red Bank High School consists of three departments: Typing, Shorthand, and Bookkeeping.

The typing classes have been under a handicap for the past year due to the annex fire that destroyed the typewriters; however, the students have learned such things as letter placement, typing of budgets, payrolls, bank statements, and other typing matter.

The other departments, shorthand and bookkeeping, have made rapid progress under the instruction of two very capable teachers, Mrs. Smith and Mrs. Estridge.

# INDUSTRIAL ARTS

The Industrial Arts Department under the very capable supervision of Mr. William Floyd has accomplished much in the skill of Manual Arts. The knowledge and experience obtained in this department has been invaluable to boys who are serving in the armed forces.

The courses offered in this department vary greatly. Shop work, which consists of using the power driven machinery through the study of engines, is offered for one semester's work; and the study of drafting occupies another semester.

Aeronautics, another important subject, is included as a course. This department class is offered to Juniors and Seniors—both boys and girls. There are eleven members in the Aeronautics class this year.

There are only two Industrial Arts Departments in the county and Red Bank is one of the two.

# BLUE *and* WHITE

There is not a busier group of students at Red Bank High than the one that makes up the staff of our school paper, the BLUE AND WHITE. A great deal of work goes into the publication of the paper, but the work is so interesting that the staff finds a great deal of pleasure in doing it.

Under the very able guidance of Miss French, the editor and the reporters discuss news articles which are assigned at the staff meetings. When the articles are turned in, they are carefully checked for grammatical errors by Miss French and then are given to the typists who cut the stencils. After the stencils are cut and the artists have completed their decorative sketches, the mimeographers take over and run off the separate pages which are then stapled together. Few students realize that this much work must be done before they can sit back and read the school news.

Red Bank has had a school paper as far back as most of us can remember, and the class of '45 wishes to express its appreciation of the excellent work done by the staffs of the past and to extend good wishes to the classes and staffs who will carry on that work in the future.

# *A Tribute . . .* **TO OUR SERVICE MEN**

Here, we think, would be an appropriate place to pay tribute to all Red Bank High School students who are now serving with the armed forces.

We are very proud of them for the work they are doing along with other men from all over this vast nation. We know that each one of them would sacrifice all—each one would send himself to certain death—if it would bring victory closer.

We realize that this day of victory is drawing nearer every hour, and knowing this, we are looking forward to welcoming our boys home once more. We can never repay them fully for what they have done and are doing now to preserve our freedom, but we can, at least, express our gratefulness in a small way here in this annual by saying, "Thanks a lot, boys, and may God bless everyone of you!"

## SENIOR CLASS PROPHECY

(Continued from page 21)

Flash!

Charles Atchley, head coach at Annapolis, expressed belief that his Navy eleven would trounce Army in Saturday's annual clash.

Scientists have discovered a new insect-killer! Head chemist, Mary Jackson of "Pest Killer Research," announced today that Juanita Henderson and Burly Randolph had finally developed the formula after spending months of untiring effort. Betty Chandler, recorder, stated that a patent had not yet been secured, but that Zelma Bridges and Betty Lou Wynn, representatives of the company, were now in Washington trying to obtain it.

From Silverdale, Tennessee, comes word through head matron, Gladys Weese, that twenty-one inmates escaped from the asylum last night. Perry Wier, state examiner, was summoned to investigate the case. I'm relieved that no members of the class of '45 were among the number.

The political front finds Mary Hayes, head of the Republican National Committee, making plans for next year's election. Bill Nelson, internationally known news commentator, said last night that the Republican party now had more power than it had ever had before in the history of America. Lois Guess, head of the Democratic National Committee, had no comment to make.

Betty Gay Walden, lady ambassador to Great Britain, was released from Downey Surgical Institution, headed by Harris Downey, reputable physician. Head nurse, Charlotte Coffelt, stated that Miss Walden had definitely recovered following a brief confinement due to a cold.

It was announced today that Jane McMillan, alias "Lucy Lovelace," had discontinued her radio program during which she answered letters and gave advice to the love-lorn. Listeners to the "Sweet-Stuff Soap Program" will be welcomed by a completely new show tonight entitled "Harry & Carey." Durwood Buckner and Helen Wolfe, both well-known comedians, will head an all-star cast. Sweet-Stuff Soap Company has also announced that Pauline Selcer, noted for her beautiful complexion, would explain that seven-day beauty treatment to listeners of this program.

Ledford Dairy and Cheese Corporation, owned by Buddy Ledford, today filed suit against Gray Mousetrap Company, operated by Lewis Gray, for "misrepresentation in advertisements." Facts of the case were not disclosed by John Catlett, well-known attorney representing Ledford. Virginia Mae Waddell, secretary to Gray, stated that Gray's lawyer, Jimmy Mayfield, had taken immediate defendant actions, and also that Judge Richard Burks had set the case for December 11.

(Concluded on page 78)

## SENIOR CLASS PROPHECY

(Continued from page 77)

Listen to this!

Betty Jo Thornton, well-known artist, has been given a one-year contract by the "Lose More Reducing School" headed by co-partners Billie Jo Addington and Mildred Jenkins. Her duties are to draw advertising posters for the institution. Betty Jean Sessions has also been hired as a "model pupil."

Jackie Harper, famous beautician, arrived at New York's Terry Beauty Shop, operated by Josephine Terry. Betty Rogers, cashier at the shop, informed reporters that Miss Harper planned to give a course in the latest hair-dos.

These articles should supply today's edition with an abundance of worthwhile news to those concerned with the interest of the hopefuls from the graduating class of 1945.

P. S. Any similarity between this prophecy and the individual characteristics of the parties named, living or dead, is purely coincidental and no responsibilities shall be attached to the author thereof.

—JAMES H. COOLEY, Class Prophet.

## SENIOR CLASS HISTORY

(Continued from page 20)

Seniors at last! The reflected glory in which we basked as underclassmen, paled with the strain of our harder studies and extra work toward graduating. More and more of our former students left for the armed forces. More of you from our class of '45 were taken for service to our country. Of the 115 who started in our class we have dwindled to fifty-nine candidates for graduation. We feel a great pride and satisfaction in having been a part of the life of Red Bank High School, while our various clubs and organizations have grown in number and service in the past four years. We wish so much that all of you who are now fighting to preserve our institutions and principles, (moral, educational, civil, or spiritual as they may be), could be with us today as we view our progress.

Only one major catastrophe mars our steady climb upward. Some of you boys have not been told of the fire on November 6, 1944, when the annex building was destroyed, fortunately without loss of life, but with the loss of our cafeteria, chemistry laboratory, typing room, and manual arts department. In spite of this loss and the resultant crowding of classes and lack of a few facilities we still go forward. Our school has earned a place among the state's best. We have taken more and more honors. Our band and majorettes with the drill squad are considered in the top bracket for smart appearance and performance. Our scholastic averages are high, our athletics strong and clean, and our faculty of the best.

We, the class of '45, look forward now to graduation with the purpose of carrying on our school's honor and traditions. We are regretful of only this—that you boys are not here with us. Nevertheless, you too, are carrying on in the high character toward which our school has helped contribute. Thus we all say, "Hail and Farewell, Red Bank High School" from the class of '45.

—MADGE RAMSEY, Class Historian.
